

Minutes: September 8, 2010

Call to order at 6:37 p.m.

Club Roll Call

Senate Roll Call

Motion to move to item B under new business-motion seconded. No discussion.

Speaker: President Birge. Welcome Back! Goal: Tell the SGA about summer renovations and have a questions and answer session. Renovations: residence halls and grounds, re paved petro. Roadway and Marc. Courtyard with added drainage. Two projects were started and not completed- generator in the café for power outages and t-3 in the IT department for faster internet around campus. New kitchens and bathrooms in mountain view and lakeview. Over 1.3 million dollars of renovations were completed just this summer. AC will be installed in the café on the next renovation cycle next summer. Improvement in enrollment and retention. Retention committee was very honest and helpful. Retention is up 5 points which is a lot for such a small university. Sustainability counsel is working on ways to make campus more "green" any suggestions should be directed to Michele Komeau. Suggestions for where would be good wireless hotspots around campus, the buildings are all made of brick and concrete so going completely wireless is hard to do. Considering remodeling the softball ball field, but if we do will students be able to utilize it like they can now? It's being looked into further. What do students want to see? Let Administrators know.

Motion to move to officer reports-motion seconded-No discussion.
