## Two personal services as part of your Group Basic Life insurance from Sun Life Financial

### Emergency Travel Assistance

If you have a medical emergency while you are more than 100 miles away from home, you don't have to face it alone. With one simple phone call, you can be connected to Assist America's staff of medically trained, multilingual professionals who can advise you in a medical emergency, 24x7. You will be immediately connected to:

- pre-qualified, English-speaking doctors, hospitals, pharmacies, and dentists anywhere in the world,
- medical consultation, evaluation, and referral,
- hospital admission guarantee,
- emergency medical evacuation,
- lost prescription assistance, and
- legal and interpreter services and more

You or your family (whether traveling together or separately) can activate Assist America's emergency services with one call to the number on your Assist America ID card, whether you are on vacation or on a business trip (spouse business travel excluded).

### Identity Theft Protection

Identity theft is a serious crime. Each year, millions of Americans have their personal financial information stolen and must spend a significant amount of time and money to restore their records. If you ever become a victim of identity theft, you don't have to face it alone.

You have the support of a powerful Identity Theft Protection program through Assist America's SecurAssist® Identity Protection program. It provides:

- 24x7 telephone support and step-by-step guidance by anti-fraud experts,

- an expert case worker who is assigned to you and will help you notify your credit bureaus and file paperwork to correct your credit reports,
- help canceling stolen cards and reissuing new cards, and
- help notifying police, financial institutions, and government agencies.

You can also help stop identity theft before it happens:

- You can securely register up to 10 credit or debit cards for 24x7 surveillance.
- Registered cards are monitored using sophisticated webcrawling technology that watches underground chat rooms where thieves are selling and trading stolen personal information.
- You receive early warning of potential threats and are notified if your identity has been misused.

For quick reference, remove this card, fold, and keep in your wallet.

SecurAssist uses sophisticated webcrawling technology to watch underground chat rooms, where thieves sell and trade stolen personal information. If we discover that your information is being sold or traded, we will alert you, often before a crime even occurs.

However, it is impossible to ensure that all chat rooms have been searched for your personal information. Your alerts may not contain or warn you of all of your personal information that may have been compromised.
