If necessary, you may call facilities, campus safety or residential life with specific questions.

Non-compliance
Vehicles that do not comply with this snow emergency policy, hinder snow removal, and/or constitute a traffic hazard, will be towed at the owner’s expense. The Campus Safety Communications Center will attempt to leave a voicemail that your vehicle was towed. If you do not have a voicemail or it is full, we do not except responsibility for not contacting you. The vehicle will be towed on campus at a fee of $75. Arrangements to get the vehicle returned can be made by calling Campus Safety at 4210. The university accepts no responsibility for any damage to your vehicle due to towing.

Snow Emergency

A snow emergency is declared when a snowstorm requiring snow removal is predicted for campus. When the snow emergency has been declared by the Director of Facilities or the Manager of Maintenance, the Department of Residential Life will place notices in the residence halls and a voicemail and email will be sent. This notice does not pertain to the closing of the University or the cancellation/delay of classes. An email and voicemail will be sent declaring the end of the snow emergency once the Department of Facilities has completed snow removal operations.

Parking restrictions once a snow emergency is declared

Once the snow emergency has been declared, parking in the following areas on the campus will be restricted. All areas affected will be posted.

Cheshire Parking Lot – No parking in the center spaces of the parking lot.

Westside Parking Lots (area behind Cheney, Mt. Washington, New Hampshire and Granite Halls) - No parking in the parallel spaces next to the guardrail. This includes the faculty/staff spaces behind Cheney Hall up to and including the student parallel spaces behind Mt. Washington, New Hampshire and Granite Halls.

Campus Center Parking Lots— Parking authorized in lined spaces only. No parallel parking in these two lots.

Edgewood Hall (southside parking spaces and on the east side) - No parking in the two faculty/staff spaces on the south side of Edgewood Hall, nearest the roadway and no parking in the two student spaces on the east side of Edgewood by those faculty/staff spaces. (This will help in clearing the corner spaces near the dance studio.)

The Adventure Recreation Lounge - (formerly known as: The Outing Hut, The Ski Hut) - No Parking in the spaces near the building. This includes all of the spaces by the wooden walkway of the building and up to and including all spaces around the building to the dumpster on the south side of the Fieldhouse.

Sawmill Parking Lot - No parking in the center spaces of the parking lot; please use the large lot at Lakeview until the emergency ends.

DiGregorio Lot - faculty/ staff spaces adjacent to building.

Snow Removal

Snow removal from parking lots will commence within 24 hours of the storm ending. The specific schedule for snow removal will be determined by the Director of Facilities or the Manager of Maintenance. A voicemail and email will be sent to advise the University community when snow removal will commence. All vehicles will have to be moved to accommodate the removal of the snow. If your vehicle is disabled, it is your responsibility to have it working and moved so it does not impede the snow removal operation. Shovels are available at the Office of Residential Life staff offices and the main office in New Hampshire Hall. You will need to leave your college ID card for usage of a shovel.

Clearing of parking lots

For safety reasons and to help expedite the plowing of parking lots, you are asked not to return to the lot until the entire lot has been completed.
